QSL cards from FR5AI/T are now being received (1 month turn around). YI1BGD QSL card was received with a one month turn around from the Austrian QSL Manager

OE6EEG.

S2, BANGLADESH. 0A40S reported, Monday, on W2MIG's Net, that Eric WZ6C (ex-WZ6C/ST4) is now in S2-land signing WZ6C/S2. Also, 0A40S stated Eric had verbal permission only (usually not acceptable for DXCC), and can only operate on Saturdays and Sundays. Other sources report Eric has no permission at all to operate. Eric was on the South American Net on 14243 KHz for 1 1/2 hours this past Sunday. Later in week, it was reported again on W2MIG's Net, that Jim, VK9NS, talked to Eric and advised him that the U.S. does not have reciprocal operating agreement with Bangladesh. With this advice, it seems Eric has terminated his operations. Let's hope Eric can receive written permission and a S2 callsign. KYFC!!!

S21U CARDS. Jim Smith who operated as S21U says he will now handle his own QSL's for that operation, not JA1UT. JA1UT will continue to handle S21U cards for the Japanese operation only.

SV5, DODECANESE. Rod, KA5EJX, reports SV0HV has been delayed about a month for his SV0HV/SV5 Dodecanese Island trip. He will be on the island around the first of July. The island's IOTA number is EU-1. QSL to KA5EJX using only a 1990 or 1991 CallBook address.

USSR DXpedition. Jim, WB2REM, will be operating from the USSR signing U3A/WB2REM from Moscow and U6L/WB2REM from Rostov-on-Don. Operation will be 10, 15 and 20 meters until July 5.

YA, AFGHANISTAN. Some great news was reported by the ARRL DX bulletin. A group of Italian operators will be active from Afghanistan, July 12 to 29. Possible callsign will be YA0AS. QSL will be handled by IT9AZS.

ZA, ALBANIA. The ARRL DX bulletin also reported a possible July 11 operation by I3BZK and I3GJZ from ZA-land. (KYFC!!!)

THE WK3N WORLD DX NEWS REPORT .... Political unrest and problems within Yugoslavia indicate that Slovenia may succeed ..... Albania's new democratic government states its policy as pro USA .... Reunification of North and South Korea is slated for the late 90's. A situation similar to East & West Germany, so this should create yet another new DXCC Country!
